

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
C600020

Initial certification date:
30 June 2023

Valid:
02 October 2025 – 01 October 2028

This is to certify that the management system of
UNICALCE S.p.A.
Via Tonio da Belledo, 30 - 23900 Lecco (LC) - Italy
and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Environmental Management System standard:
ISO 14001:2015

This certificate is valid for the following scope:

Limestone and dolomite extraction and production of calcic lime and dolomitic lime through crushing, screening, washing, burning, grinding, screening, and ensiling. Production of hydrated calcic lime and hydrated dolomitic lime through hydration, grinding, ensiling, and possible bagging. Production of calcium hydrate-based mixtures. Production of wet lime-based mortars. Production of premixed construction products through component dosing, mixing, and shipping in bulk or packaged form. Production of paints and coatings through mixing and packaging. Production of aggregates, sands, fillers, and soil amendments. Selection and recovery of woody biomass waste to feed lime kilns. Coordination, administrative and financial management, sales, logistics, and research and development activities for Unicalce S.p.A.'s production sites (IAF 16, 24, 02, 35)

Evaluated according to the requirements of Technical Regulations RT-09

Place and date:
Vimercate (MB), 07 October 2025

For the issuing office:
DNV - Business Assurance
Via Energy Park, 14, - 20871 Vimercate (MB) - Italy

00010

Claudia Baroncini
Management Representative

Appendix to Certificate

UNICALCE S.p.A.

Locations included in the certification are as follows:

Site Name	Site Address	Site Scope
UNICALCE S.p.A.	Via Tonio da Belleo, 30 - 23900 Lecco (LC) - Italy	Coordination, administrative and financial management, sales, logistics, and research and development activities for Unicalce S.p.A.'s production sites.
UNICALCE S.p.A.	Via Aldo Bruno, 27 - 12010 Bernezzo (CN) - Italy	Production of: aggregates, fillers and fines, calcium-magnesium soil amendments, dolomitic lime and hydrated dolomitic lime through mineral extraction from quarry, crushing, screening and washing, firing in continuous kilns, screening, hydration and refining, storage in silos and packaging of the finished product
UNICALCE S.p.A.	Via Ponti, 18 - 24012 Val Brembilla (BG) - Italy	Limestone extraction for the production of aggregates and calcium oxide through the following stages: crushing, screening, washing, cooking, grinding, sieving, and ensiling. Hydrated lime production through the following stages: hydration, grinding, ensiling, and possible packaging. Production of calcium hydrate-based mixtures
UNICALCE S.p.A.	Via di San Vincenzo, 31, Fraz. Botro ai Marmi - 57021 Campiglia Marittima (LI) - Italy	Production of premixed products for construction through the following phases: component dosing, mixing and shipping in bulk or packaged form
UNICALCE S.p.A.	Via Serio, 72 - 24020 Casnigo (BG) - Italy	Extraction of dolomitic limestone and production of aggregates through the crushing and screening phases
UNICALCE S.p.A.	Via Chiaravagna, 144 - 16153 Genova (GE) - Italy	Extraction of dolomitic limestone and production of aggregates through the stages of crushing, washing, grinding and screening
UNICALCE S.p.A.	Strada Statale Appia Km 134, Snc, Fraz. Santa Mariabella - 04020 Itri (LT) - Italy	Limestone extraction for the production of aggregates and calcium oxide through the following stages: crushing, screening, washing, cooking, grinding, sieving, and ensiling. Hydrated lime production through the following stages: hydration, grinding, ensiling, and possible packaging.
UNICALCE S.p.A.	Via Lisso, 12 - 24010 Sedrina (BG) - Italy	Lime production through washing, cooking, grinding, screening, and ensiling. Hydrated lime production through hydration, grinding, ensiling and eventual packaging
UNICALCE S.p.A.	Via Flaminia Romana, 449 - 05035 Narni (TR) - Italy	Limestone extraction and production of aggregates, calcareous sands, and premixes for the construction industry through the following stages: crushing, grinding, screening, mixing, and packaging

Certificate no.: C600020
Place and date: Vimercate (MB), 07 October 2025

Site Name	Site Address	Site Scope
UNICALCE S.p.A.	Via alle Fornaci, 11 - 23900 Lecco Maggianico (LC) - Italy	Limestone extraction and lime oxide production through the following stages: crushing, screening, washing, cooking, grinding, screening, ensiling, and possible packaging. Recovery of waste from plant biomass to feed lime kilns
UNICALCE S.p.A.	Contrada Lupini - C.P. 33 - 74019 Palagiano (TA) - Italy	Limestone quarrying through the following stages: extraction, crushing, screening, and washing; lime production through the following stages: burning, grinding, screening, and possible packaging; hydrated lime production through the following stages: hydration, grinding, screening, and possible packaging; slaked lime production through the following stages: slaking, curing, and packaging; wet mortar production through the following stages: mixing and packaging; desulfurizing mixture production through the following stages: mixing and packaging; limestone sand production through the following stages: drying, grinding, and screening; dry premixed building materials production through the following stages: mixing and packaging; paint and coating production through the following stages: mixing and packaging.
UNICALCE S.p.A.	Strada di Prisciano, 104 - 05100 Terni (TR) - Italy	Production of dry premixes, paints, and coatings for construction through the mixing and packaging stages
UNICALCE S.p.A.	Strada Amerina, snc, Fraz. San Pellegrino - 05035 Narni (TR) - Italy	Limestone extraction and calcium oxide production through crushing, screening, washing, burning, grinding, sifting, and ensiling. Hydrated lime production through hydration, grinding, ensiling, and possibly bagging. Production of wet lime mortars. Selection and recovery of woody biomass waste to fuel lime kilns
